TOP VASE COMPETITION

Competition Rules

1. The Top Vase class is for a vase of mixed flowering stems containing a total of between 5 and 10 stems, taken from a minimum of 2 different kinds of plants. Please note that it is two different KINDS of plants, two varieties of the same plant are NOT two kinds.
2. The display will be judged out of a total of 35 points, split into: 25 points for the colour, form, condition, quality and freshness of the flowers on display, and 10 points for the overall presentation and effect of flowers in the vase. The vase will be viewed from all directions. Judging of the flowers should be to the normal rules used for other classes.
3. Stems used in the display must be showing flowers only; no seed heads or berries will be allowed.
4. The vase can be any shape or size and made from any material, but must be in proportion to the display. No points are awarded for the vase itself.
5. No accessories whatsoever – such as bows and additional foliage - will be allowed. Foliage, which is growing naturally from the flowering stem, and still attached to that stem, is allowed. Packing material – including oasis – to keep the stems in place is allowed.
6. **The M.H.S. Perpetual Trophy will be awarded to the winner of the Top Vase Competition.**

Notes for Exhibitors and Judges

- Flowering stems can be taken from ANY flowering Plant.
- The different kinds of plants need to be taken from different genera. For instance, pinks, carnations and sweet william – which are all dianthus – would not be classified as different kinds.
- Only fresh, home grown flowers can be used in the vase. No dried or silk flowers are allowed.
- A vase, by definition, is any vessel that can be used to hold cut flowers and which is taller than it is wide at its widest point.
- The Top Vase class is open for anyone to enter and is not intended purely for growers who regularly display single species classes at shows.
- Judges should use their discretion when judging the Top Vase class, bearing in mind that the entries may come from inexperienced exhibitors.
- Judges and exhibitors should note that the display has to be viewed all round.
- The points awarded should be clearly marked by the judges on the exhibitors' cards.
- Any queries that may arise, regarding anything other than the above rules, should be referred to and decided by the show officials.

Failure to abide by any of these rules will lead to disqualification.

Notes.

Notes.

Times Past

In 1901 a Flower Show was held on what was then called St. James's Square, just where the apex of the tennis courts face the Grand Hotel.

It was indeed a grand occasion with the gentry in attendance and all entertained by various pipe bands.

This annual event continued for many years and in 1942 the Malahide Horticultural Society was founded.
